Our History

The Big Canoe Chapel Cemetery was formed in 1984. The Big Canoe Chapel founder, Dr. Vernon Broyles identified the need for a cemetery in Big Canoe. Along with Tom Cousins and the other developers of the time, land was set aside for the cemetery. Dr. Robert Platt, a resident ecologist, was among the first members of the Cemetery Board of Directors.

The Big Canoe Chapel Cemetery is located about 500 yards north of Big Canoe's Main Gate down the same road used to access the Terraces. The forest setting found at the Cemetery maintains the harmony of beauty in the natural habitat found in Big Canoe.

Big Canoe Chapel Cemetery

The Cemetery lies in a lovely serene forest setting featuring natural flowers, shrubs, and trees in harmony with the natural beauty of Big Canoe. The Cemetery is part of the Jimmy R. Allen Mediation Park.

It features a Gazebo, a Memorial Wall, a Columbarium, as well as burial plots and Meditation Benches. The Memorial Wall is used to memorialize loved ones who are not interred at the Chapel Cemetery, but they have made many memories in Big Canoe.

Cemetery Guidelines

There are specific guidelines to protect the serenity of the natural habitat, which those who wish to be buried here must agree to respect.

Burial/Interment is reserved for Big Canoe Chapel members as well as all Big Canoe property owners and their immediate families, regardless of faith.

Current Cemetery Prices

Burial Plot is \$2,500

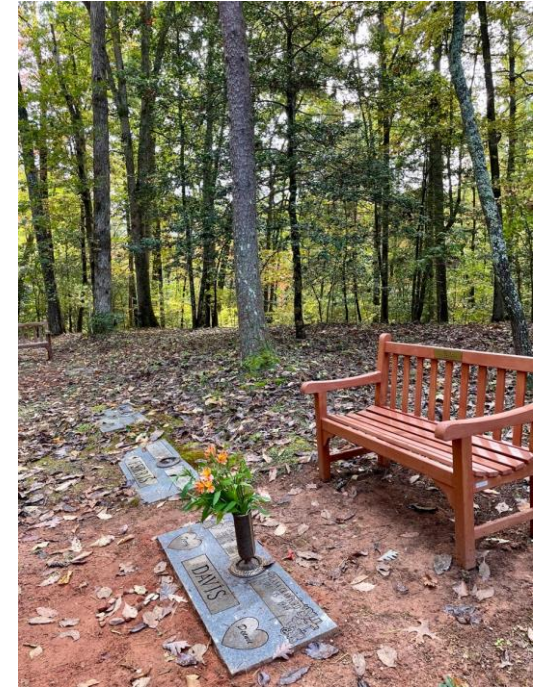

Columbarium Niche is \$2,000

Memorial Wall is \$750.

A member of the Cemetery Committee will help with all selections

Our Natural Beauty Preserved

Our guidelines require using uniform, flat granite markers and native natural planting. Fresh flowers, potted plants, greenery and wreaths are encouraged during holidays. In keeping with the surroundings, a bench may be purchased to enjoy the serenity and beauty. There is just one casket permitted per plot, while two cremation urns may be buried in a plot or a columbarium niche.
